

## Starting with Psychology – Open University Course

Dear Year 11,

You're reading this because you are planning on, or exploring the idea of, studying A Level Psychology in September.

Open Learn through the Open University have a range of different (completely free!!) courses for you to learn on a computer. They have lots of Psychology courses, but I very much recommend an introductory Psychology course 'Starting with Psychology'.

Once you have finished the 5 hour course (you don't have to do it all at once), you get a certificate of learning.

*If you do the course, I would love to hear from you, even if it's just an email to say you have done it!*

My email is [k.watkin@uobschool.org.uk](mailto:k.watkin@uobschool.org.uk).
